

## ...And Keep Talking!

Parents, put on a finger puppet show with your child! Cut off the tips of a rubber glove and draw simple faces with markers to make finger puppets. Put a few on your child's hand, and do the same. Try beginning with these scene-starters:

Hi. I'm  
**NEW** here.

Do you want to hear an  
**INTERESTING IDEA**?

How are you **FEELING** today?

**WHERE** am I?

I have a **QUESTION**.

Will you **SHOW** me around?

**LISTEN** to  
what happened  
to me today.
